

Course: City & Guilds 6150-02

Level: 2

Qualification: Working in Medium Risk Confined Spaces (Top Man) (Entrant): Water

Duration: 2 Days

What Will Be Covered?

This qualification is safe entry into confined spaces using compressed air escape breathing apparatus as part of the planned means of self-rescue.

This Qualification Covers:

- Preparing to enter a confined space
- Entering and exiting a confined space
- Dealing with emergencies
- Acting as topman-entry point controller
- Giving emergency aid

This qualification will focus on the delegates ability to work as a team member and make confined space entries that have been risk assessed and classified NC2, NC3, NC4 with the Water UK confined space entries classification scheme by demonstrating the ability to:

- Select, check and deploy equipment
- Establish a safety zone at the access and egress point
- Establish and maintain an appropriate communication system
- Set out and interpret atmosphere monitors
- Maintain safe working procedures for the work being done
- Use compressed air breathing apparatus
- Follow emergency procedures
- Provide emergency aid to non breathing unconscious casualty

This qualification has been designed by City & Guilds to meet the requirements of Water UK and are water industry specific.
